

## CLASS DESCRIPTIONS

### SKILL LEVELS

#### CONFIDENT BEGINNER

You know C-F-G, G-C-D, and A-D-E7 chords and can do a simple strum while changing these chords and keeping a steady, slow beat. We are not hosting novice or total beginner classes this year. However, if you are not at the Confident Beginner level but want to join this class, you can learn from many sources in advance, including a free month of lessons at <https://pegheadnation.com/string-school/instructors/marcy-marxer>

Use the code: MarcyM

#### INTERMEDIATE

You are comfortable playing 3-4 chords in 3-4 keys (C, G, F, A). You play a variety of basic chords (for example: A, Am, B7, C, C7, D, Dm, E7, Em, G, and G7) and understand simple chord progressions (such as I, IV, V chords). You can sing and strum at the same time and can learn chords to simple tunes fairly quickly. You're ready for some jazz chords, some snazzier right-hand techniques, and ready to explore a variety of repertoire on the uke.

#### ADVANCED

As an Advanced player, you have strong knowledge of open and closed chords throughout the ukulele neck in multiple keys, have experience playing lead, and willingness to move quickly through material. ***If you haven't taken the Advanced class at UkeFest in previous years OR have not received approval from the Artistic Directors, you must submit a 2-5-minute video to [uke@strathmore.org](mailto:uke@strathmore.org) and be approved by them to take the class. Your video submission should show open and closed chords in multiple keys and playing lead. You may be asked to send in a second video showing your skills.***

### HOW CLASSES WORK

#### CLASSES BY SKILL LEVEL

These are 2 and 4-day classes from 10am–12pm Saturday through Tuesday. These are continuous classes based on skill level, which means you will choose a class and stay with it for either two (2) or four (4) days. You will not pre-register for classes.

***As a reminder, if you are an advanced player, you need to send in a 2–5-minute video to [uke@strathmore.org](mailto:uke@strathmore.org) and be approved by the Artistic Directors to be placed in that class.***

**If you find you are not suited for a class during the first day, we encourage you to switch classes within the first 15 minutes and join another one.**

### **“WALK-IN” CLASSES**

These are one-hour classes and, like the morning classes, do not require pre-registration. Feel free to hop around as you wish.

### **BARITONE FRIENDLY**

Baritone Friendly classes are often taught on tenor ukuleles, but baritone chord charts or tabs are provided, and the instructor will have a baritone ukulele handy for answering any questions. For other classes, baritone players should either play a tenor/concert/soprano ukulele or use a Capo on the 5th fret.

### **Improve Your Musicianship (ALL) (offered twice)**

One definition of "musicianship" is "knowledge, skill and artistic sensitivity in performing music." I'll change that to "in playing music." No matter your level, there are always ways to improve your musicianship- sometimes it is activating the art of deep listening to know what sounds you want to make, sometimes it is in the execution of those sounds. Bring your musicianship questions and issues to this workshop and we'll work through them, along with some well-used tips and ideas for improving your musicianship.

**Take Your First Solo (CB/I)**

You CAN do it. You were BORN with ear training, and Cathy can show you how to make it work for you! What key do I sing in? How do I know what chord to play? Where are the notes to this song?
