AMP Information

Box Office

Located on Level 1 (street level). Opens 2 hours per-show. Telephone – 301-581-5100.

Catering

Catering for Private Events is done through our exclusive caterer. Contact the Director of AMP for more information.

Contact (on-site)

The Private Events team at Strathmore will have a House Manager assigned to your event/show. They will be your primary day-of contact along with a member of the Private Events team.

General Information

AMP, a live music and dining facility has a capacity of 230 for a performance and features a 2,800 square foot concert space and 1,100 square foot lounge. AMP is also available for corporate meetings, weddings, and other private events.

Green Room

There is only one Green Room/Dressing Room at AMP. There is a private bathroom located inside the Green Room. It has a couch, love seat, and one armchair. It also houses a coffee table, two end tables, a

hanging rack, and full-length mirror. It can house 5-8 people comfortably and up to 14 people with extra seating. All furniture located in the Green Room, must stay in the Green Room.

In-House Furniture and Non-Stage Equipment

- 23 Eight Foot Rectangular Wooden Tables
- 2 Six Foot Folding Plastic Tables
- 1 Four Foot Folding Plastic Table
- 6 Oak Top Counter Height Cocktail Tables
- 1 Plywood Square Top Cocktail Table
- 14 Backless Gold Top Bar Stools
- 12 Mustard Cocktail Stools
- 16 Wooden Cocktail Stools
- 244-Black Bellini Chairs
- 2 42" Pub Tables
- 2 Metal Easels
- 1 Dolly
- 1 Lectern

Merchandising

Merchandising sales must be coordinated through the Director of AMP and must have at least two (2) weeks' notice of any sales. All merchandise is subject to an 80%/20% split with Strathmore. All merchandise is also subject to MD sales tax of 6%. If you require a seller, you may hire one for \$75/seller and must be coordinated with at least two (2) weeks' notice.

Permit Requirements

Pyrotechnics, Fog machines, and Haze machines are not permitted. Lasers are permitted with a State of Maryland health permit.

Production Office

AMP does not house a Production Office. The Green Room can act as the Production Office but must be coordinated with at least one (1) weeks' notice with the Director of AMP.

PLEASE NOTE: USE OF ANY IN-HOUSE AUDIO, LIGHTING, AND VIDEO EQUIPMENT, REQUIRES A HIRED A/V TECHNICIAN.

LED / Video Screen

8 feet x 14 feet. Located within the wall behind the stage. Curtain can be pulled to cover screen during performance/event if unused. Please note any content desired to be shown during event may be partially blocked by stage setup. It is advisable to keep primary content to the top 2/3 of screen for this reason.

Projector Screen (Different from LED Screen)

6 feet x 9 feet pull down screen. Optomo 6K Lumens. Position of projector will be on a tall cocktail table and 3-5 feet from the center front edge of the stage.

WUXGA Professional Installation Laser Projector

ZU660

- Sharp and luminous image with 6,000 lumens and 2,000,000:1 contrast ratio
- Four corner adjustments provide greater installation versatility
- Color matching with HSG adjustment
- Motorized lens shift zooms and focus
- Multiple interchangeable optical lens options with 24/7, 360° and portrait mode operation

Backline

All in-house backline equipment, minus the Piano, is available for use with the A/V package. The piano may be used without employing the A/V package. The tuning fee of \$225* will be applied via the client's request of a tuning. *Tuning fee is subject to change.

 - 4 LED LEKO Downstage focus (front light)
 - 8 LED Pars Upstage focus (back light)
 - Pathway Cognito Pro512 (512 channels)

- **AMP Gobo**
 - Source 4 750W Ellipsoidal, Black, Edison Plug, 19 Degree (115-240V AC)
 - Size B

- *Other Accessories & Cables*
 - (4) Enttec Open DMX Ethernet nodes and power supply
 - (8) Altman #510 Clamps
 - (8) Safety cables
 - (2) LEX Orchestra E-string (15A or 20A adapter)
 - (11) 10' 5 pin XLR cables
 - (2) 25' 5 pin Datasure cables
 - (4) 10' CAT5 Cables
 - 50' CAT5 Cable

Venue Dimensions

- Main Room: 41ft x 51ft (not including the stage)
- Pre-Function Space: 500 sq feet, including bar
- Half Wall Dimensions – Infront of Elevators
 - Height: 7ft
 - Width: 15ft
- Gold Grid Squares in Half Wall
 - Width: 2.9ft
 - Height: 2.9ft

COVID-19 Policies / Procedures

- All AMP visiting artists / production crew(s) will enter/exit AMP via the main elevators. Everyone will be required to fill out a COVID Questionnaire and have their temperatures checked. Consistent with the actions taken by many businesses across the state, all individuals working in AMP will be required to wear face coverings (over the nose and mouth) – unless performing on stage.

- AMP's cleaning vendor will regularly and frequently clean and disinfect any regularly touched surfaces, such as doorknobs and will clean the floors and bathrooms. AMP's food service vendor will clean the tables and chairs.

- AMP will provide the appropriate PPE items to all employees, contractors, volunteers and artists (as necessary) in the public areas, IF these individuals do not arrive with the appropriate PPE.

- AMP will provide readily visible signage, requiring physical distancing in the public areas and in the entrance areas.

- AMP will maintain sanitation and distancing standards in ALL backstage areas. Sanitation will be provided by AMP’s cleaning vendor.
- Until otherwise instructed by the State of Maryland, and Montgomery County, all seating arrangements in AMP will maintain at least a 6-foot separation between groups at any table, and between table rows.
- Contact tracing forms will be required for all visitors at AMP.
- Specific Back of House Protocols (applicable to the Music Center, AMP and the Mansion’s Music Room – as appropriate).
 - The Director of AMP, or his/her designee, will serve as the backstage compliance officer, under the direct supervision of the Executive Vice President, Operations, or his designee.
 - All cast and crew should use face coverings, and gloves, while in shared workspaces, except when not feasible. These items will be readily available from the Director of AMP.
 - The restrooms located throughout the facility have appropriate ventilation and air filtration as provide by AMP HVAC vendor.
 - There are a significant number of hand-sanitizer machines located throughout AMP. All cast and crew are responsible for utilizing these machines on as a needed basis, and/or are responsible for hand washing with soap and water as recommended by the CDC. CDC guidelines are posted in each restroom.
 - Physical distancing, during setup, rehearsal, meal breaks, performance, and strike must be maintained at all times. In reference to meal breaks, cast and crew are responsible for maintaining appropriate physical distancing during this period.
 - Prior to the start of a load-in, a rehearsal, a performance, or a strike, the Director of AMP will engage everyone on the use of PPE, hand hygiene, and physical distancing.
 - All cast and crew must respect, and follow, installed floor markings for safe distancing.
 - All lighting and sound controls, and their operations, will occur within the safe confines of their locations.
 - The Director of AMP will work with the appropriate delivery vehicle operators to ensure a staggered vehicle unloading/loading in order to reduce crowding and to enforce physical distancing.
 - The responsible party will ensure that all equipment, once unloaded from the truck/vehicle, is disinfected.
 - Cast and crew should avoid congregating in groups.
 - Cast and crew are responsible for disinfecting their “touchable surfaces” and all high-risk equipment after each use (radios, headsets, microphones, costumes, safety equipment, etc.)
 - The Director of AMP will be responsible for staggering breaks (if at all possible) in order to ensure social distancing.

Direction Information

- ***From the Beltway (outer loop):***
 - AMP is located just 2.5 miles north of the Capital Beltway. Take exit 34 and head north on Wisconsin Avenue, Route 355 (Rockville Pike). Make a left onto Old Georgetown Road. Make your second right onto Grand Park Avenue. The parking garage will be on your left at the first stop sign.

- **From the Beltway (inner loop):**
 - AMP is located just over 2 miles north of the Capital Beltway. Take the Capital Beltway Exit 34 onto MD-355 S/Rockville Pike Toward Wisconsin Ave/Bethesda. Use the left lane to merge onto MD-355 S/Rockville Pike. Make a U-turn at Alta Vista Road. Proceed straight on MD-355 N for approximately 2.5 miles. Turn left onto Old Georgetown Road. Turn right onto Grand Park Avenue. The parking garage will be on your left at the first stop sign.
- **From Rockville Pike (southbound):**
 - AMP is located off of Rockville Pike, just north of Old Georgetown Road and the White Flint Metro Station. Make a right onto Old Georgetown Road. Turn right onto Grand Park Avenue. The parking garage will be on your left at the first stop sign.
- **From Rockville Pike (northbound):**
 - AMP is located off of Rockville Pike, just north of Old Georgetown Road and the White Flint Metro Station. Make a left onto Old Georgetown Road. Turn right onto Grand Park Avenue. The parking garage will be on your left at the first stop sign.

Please see www.ampbystrathmore.com for additional maps and directions.

General Information

AMP Powered by Strathmore

AMP is run by Strathmore, a 501(c)3 nonprofit organization. Profits from AMP support Strathmore's mission to present and produce exemplary arts programs for diverse audiences, create dynamic arts education experiences, and nurture creative ideas and conversations that advance the future of the arts.

Housing Information

These merchants are listed for your convenience; Strathmore does not endorse or guarantee any of their services.

Hotels

Strathmore has a long-standing relationship with these hotels, but we cannot guarantee pricing or particular services.

Loading In / Out Information

Because AMP is part of a large development with many retailers, all loading dock use must be scheduled in advance. The loading dock entrance is accessible from Towne Road (behind Pike & Rose).

- ***If traveling Northbound on Rockville Pike***, follow the exit to Montrose Parkway (merge to the right), then get in the left lane to turn left onto Montrose Parkway (heading west). Turn left onto Towne Road. Pass Prose Street and Rose Avenue on your left. Immediately following a surface parking lot with a gate, you'll make a left into the loading dock "lot". You'll see a Loading Dock labeled for Pallas Apartments. This is NOT the loading dock for AMP. Continue driving through the lot towards the building and you'll see 2 loading bays on the right and 2 on the left (1, 2, 3, 4 – see image). Loading bays 1 & 2 are covered and have ramps; 3 & 4 are not covered. Bays 1 & 2 might have the doors down when you arrive.
- ***If traveling Southbound on Rockville Pike***, follow the exit to Montrose Parkway (merge to the right onto Towne Road). Continue straight on Towne Road passing over Montrose Parkway. Pass Prose Street and Rose Avenue on your left. Immediately following a surface parking lot with a gate, you'll make a left into the loading dock "lot". You'll see a Loading Dock labeled for Pallas Apartments immediately as your turn in. This is NOT the loading dock for AMP. Continue driving through the lot towards the building and you'll see 2 loading bays on the right and 2

on the left (1, 2, 3, 4 – see image). Loading bays 1 & 2 are covered and have ramps; 3 & 4 are not covered. Bays 1 & 2 might have the doors down when you arrive.

Once you find a loading bay that is open, your staff can start to unload items from your vehicle. **HAVE SOMEONE FROM YOUR TEAM, CHECK IN WITH AN AMP STAFF MEMBER BEFORE YOU BRING YOUR ITEMS UP.** The arrows on the image of the loading dock show you the general direction you want to head to get to AMP. You will need to grab a FOB from the House Manager before proceeding with loading in.

The “Freight” elevator is located down the hallway, towards the middle of the building, across the via, and down the hallway behind the patron elevators. The loading elevator is not freight sized; it opens directly into the kitchen at AMP. The elevator size is 67” wide by 88.5” long by 9’ high. Closed door exterior dimensions are 48” wide by 8’ high. Its capacity is 5000 pounds. Once you’ve arrived to the 4th Floor (4 not 4R), there is a sharp left turn through the kitchen.

Anything that can be hand-carried may be taken through the main elevators which can be accessed on any level of the parking garage. The freight elevator can be accessed on either the first floor (loading dock level) or B1 (in the Parking Garage).

After unloading items at the loading dock, you must move your vehicle immediately to the side (see image above).

If your staff arrives with vehicles that are shorter than 7’ 2”, they can park inside the parking garage. Just like above, if they have items that can be hand carried, they can park on any level, though, Level 1 is probably the best (not as many doors from the parking space to the elevator). If they have items that are on carts, are being wheeled in, or are large items, have them park on Level B1 near the Freight Elevator.

Parking in the garage is free for the first two hours; it's an additional \$1 per hour up to 5 hours; \$8 for 5-8 hours; and \$25 for 8+ hours.
